

Legacy Main

Calgary, Alberta

Legacy Main will be a street oriented, pedestrian friendly commercial promenade that will form a large part of a unique, mixed-use district in the new outlying Calgary community of Legacy.

In conjunction with Gibbs Gage Architecture, L A West carried out an exhaustive pedestrian circulation and open space analysis. Incorporating Legacy Main into the 'big picture' community plan and creating a connection to the future South Gateway commercial core also proved to be an interesting and in-depth design exercise.

PROJECTS

L A West

Type:

Commercial Development
Main Street / Pedestrian
